

## **ADVISORY FOR INDIAN NATIONALS TRAVELLING TO GEORGIA**

Indian nationals are advised not to travel to Georgia on e-Visa, as many instances are being reported that Indians holding Georgian e-Visa are being denied entry by immigration upon their arrival in Georgia due to improper/incomplete documents. Similar problems are also being faced by Indian nationals holding valid visa or resident visa/permit of certain countries which permits entry into Georgia. Indian nationals are, therefore, advised to obtain visa directly from the Embassy/Consulate of Georgia and only then travel to Georgia, with a view to avoid any inconvenience while travelling to Georgia.
